AIMEX 2023

Konferenz & Ausstellung – Sydney Olympic Park (NSW), Australien

Bearbeitet von am 9. Aug. 2023

"Asia-Pacific's International Mining Exhibition"

Asia-Pacific's International Mining Exhibition (AIMEX) is the ultimate destination for mining professionals to actively source mining products, technology, solutions and innovations that will lower costs, improve efficiency and boost productivity. This is an opportunity to connect with Australia's largest face-to-face community of mining suppliers and professionals in an environment that stimulates innovation and collaboration and to gain future forward insights from international renowned industry experts.

After four long years, Australia's longest-running mining exhibition will return to Sydney Showground to bring together the largest community of mining suppliers and professionals all under one roof to drive innovation and collaboration.

The Asia-Pacific's International Mining Exhibition (AIMEX) is the key event on the mining calendar. It is an internationally renowned platform which showcases the latest mining technology, equipment and services, offering a unique opportunity for leading suppliers and buyers to conduct face-to-face business, learn about the latest trends and network in an interactive forum.
