"The Global Power Generation Exhibition & Conference"

POWERGEN International® exhibition and summit serves as a business and networking hub for 8,000 electricity generators, utilities and solution-providers engaged in power generation. This immersive and interactive face to face event experience is more important than ever as POWERGEN is committed to providing a platform to discuss in-depth challenges faced by all energy stakeholders and helping them find a path from where the industry is now to where the new emerging and leading trends will take it.

POWERGEN International® serves as a guiding force for energy professionals on their transformative journey. We invite technology experts, utilities, engineers, suppliers, decision-makers, and thought leaders to join us in learning valuable lessons from past and present projects. Together, let's cast a forward-thinking gaze toward the opportunities and possibilities that await us over the next 30 years.
