PacTec, FoodTec & PlastExpo Nordic

Ausstellung – Helsinki, Finnland

Bearbeitet von am 29. Nov. 2023

"The leading industrial events in Northern Europe at Helsinki Expo and Convention Centre"

The trade events for the packaging, food and drink, and plastics industries – PacTec, FoodTec and PlastExpo Nordic – will bring together industry professionals at Messukeskus in Helsinki. The event package covers the entire value chains of these industries, from design to use, and from marketing to raw materials. The graphics industry event Sign, Print & Promotion is a part of the event package, as well as. The events are co-organised with the Finnish Packaging Association, the Finnish Food and Drink Industries' Federation and the Finnish Plastics Association.

PacTec, FoodTec & PlastExpo Nordic offer interesting seminars, presentations, and innovations in the exhibition area.

PacTec highlights the significance of packaging and the latest possibilities and innovations in packaging technology. FoodTec is an estrade for innovations, products, services and methods in the food industry. PlastExpo Nordic brings together the entire plastics industry and its stakeholders. PlastExpo Nordic includes the entire value chain of the plastics industry, from raw materials and machinery to contract manufacturers.
