## **CONSTRUMA**

Ausstellung – Budapest, Ungarn

Bearbeitet von am 30. Nov. 2023

"International Building Trade Exhibition "

In 2024 the CONSTRUMA International Building Trade Exhibition will take place for the 42nd time between 10-14 April. As the part of CONSTRUMA Home-making Themed Exhibition Group it covers the topics related to construction industry and renewable energies. In every couple year the exhibition is supplemented with building engineering themes.

The CONSTRUMA exhibition group is the outstanding home building forum of Hungary and also of the Central and Eastern European region, which is held every year in the spring periode at the HUNGEXPO Budapest Congress and Exhibition Center.

Confident in the strengthening and further development of the closely intertwined areas of the construction industry, building engineering and interior design, we are already working on the preparation of next year's exhibition group, for which we are already waiting for the exhibitor applications. The necessary documents are available using the button below.
