

28. Apr. - 2. Mai 2024

## **IEEE-IAS/PCA Cement Industry Conference**

Konferenz & Ausstellung – Dallas (TX), Vereinigte Staaten

Bearbeitet von am 5. Dez. 2023

The IEEE-IAS/PCA Cement Industry Conference is the largest conference in the cement industry and includes presentations of the latest technology covering a variety of topics important to the industry.

This is the largest conference in the cement industry and will include presentations on the latest technology covering a variety of topics important to the industry. There will also be tutorials, professional training sessions, a state of the industry report and much more. The exhibit hall features over 100 exhibitors displaying the latest in product and service offerings. Join in on one of the many networking events to meet industry colleagues and make new connections.
