"Trade Fair for Food and Pharma Technology "

FoodTech is the largest trade fair in the Nordic region for food technology. This is where you nurture your network in the industry. In 2022, FoodTech attracted more than 6,900 professionals from the food industry, and featured 275 exhibitors. From 1 - 3 October 2024, we will once again gather the entire food industry in MCH Messecenter Herning.

Over the last 25 years, FoodTech has presented the entire food industry in one place and provided a framework for inspiration, knowledge and business networking as the largest food technology trade fair in the Nordic region.
