analytica China

Ausstellung – Pudong Xinqu (Shanghai Shi), China

Bearbeitet von am 12. Dez. 2023

"International Trade Fair for Laboratory Technology, Analysis, Biotechnology and Diagnostics"

analytica China is an important professional exhibition in Asia of analysis, laboratory technology and biochemical technology. It brings together scientists, business decision makers and industry users from all over the world.

The synthesis of industry and research: analytica brings together the entire laboratory community in science and industry. It is the leading industry gathering and an international marketplace. The renowned analytica Conference is a forum for a host of innovations in science and research. The extensive supporting program includes a diverse range of practice-oriented events.
