## **Vortex announces new Representative Agent in India**

Bearbeitet von am 2. Mai 2018  
*Salina (KS), Vereinigte Staaten –*

Kutbi Daruwala, Director and General Manager at Enge Plas Automation (S) Pte. Ltd.

Since 1984, Enge Plas Automation (S) Pte Ltd has delivered system components to bulk solids handling industries throughout Southeast Asia. Based in Singapore, Enge Plas also operates offices in Malaysia and Indonesia. Now, the company will support its ongoing international expansion by opening a global office in India. But

Enge Plas and Vortex Global are no strangers to one another. For the last 12 years, Enge Plas has been representing Vortex products in Malaysia, Indonesia, Singapore, Thailand, and the Philippines, among other Southeast Asian markets. Kutbi Daruwala, Director and General Manager at Enge Plas Automation (S) Pte Ltd, said: "We are thrilled to be extending our services to the Indian market, and are proud to be associated with the outstanding sales and services offered through Vortex Global Limited." "Having worked with Enge Plas for the past 12 years, I expect this will be a very successful move for Vortex sales efforts in the Indian market," said Laurence Millington, Managing Director at Vortex Global Limited. "The Vortex Global staff is looking forward to working with Enge Plas to create new opportunities in this territory."
