Martin Dummigan new Managing Director of SAMSON Materials Handling

Bearbeitet von am 3. Mai 2023

Rheinberg, Deutschland –

Martin Dummigan has been appointed Managing Director of SAMSON Materials Handling Ltd, Ely, UK, member of the AUMUND Group of companies, effective 1st April 2023. He brings with him to SAMSON more than 30 years of leadership experience in manufacturing and business development with global organisations.

Martin Dummigan started his career in 1990 as a research and development engineer. Over the next three decades he held numerous senior manufacturing and corporate management positions in various countries including China, USA, Japan and South Africa. He last served as Vice President Operational Material Solutions, where he was responsible for global manufacturing. At the same time, he acted as Managing Director for a subsidiary of the company in Northern Ireland.

Martin Dummigan says, "I am very much looking forward to contributing to growth in AUMUND Group business and to leading SAMSON successfully into the future. I look forward in my new role at SAMSON to implementing my experience gained with major global manufacturing companies, and my key skills in operations, personnel development, financial management and project leadership."
