EUROGUSS

Trade Fair – Nürnberg, Germany

Edited by on 21. Nov. 2023

"International Trade Fair for Die Casting: Technology, Processes, Products"

The exhibition covers the fields of die casting, die casting processes and die casting machinery. On three exhibition days, exhibitors and visitors will be able to discuss the latest developments within the die casting industry.

The 15th edition of EUROGUSS, which takes place every two years and is the biggest trade fair of its kind, focuses on innovative solutions for die casting processes like aluminium die casting, magnesium die casting or zinc die casting. The product spectrum is rounded off by themes like rapid prototyping, CNC machines, metal alloys, die casting moulds, peripheral devices, joining processes, process optimization, energy efficiency, material testing, die casting machinery or 3D printing.
