RWM - Resource & Waste Management Expo

Trade Fair - Birmingham, United Kingdom

Edited by on 6. Dec. 2023

Join the ultimate platform for accelerating change towards a more sustainable planet. At RWM, discuss critical topics, discover innovative green technologies and launch solutions to the sector's most pressing challenges.

The ultimate destination for professionals across the entire resource supply chain. From large waste management businesses to independent operators, local authorities to industry and manufacturing, our event caters to everyone who wants to stay ahead of the game.

Whether you're a skip hire business looking to invest in new machinery or a retailer keen to improve your net-zero credentials, RWM is the perfect platform to connect with industry experts, discover the latest trends, and learn about best practices.

Our show offers a unique opportunity to network with peers, hear from inspiring keynote speakers, and gain valuable insights into the regulatory landscape. With a packed schedule of case studies, seminars, and interactive workshops, there's something for everyone at RWM. Don't miss out on this chance to take your business to the next level. Join us today!
