Waste Expo Australia

Trade Fair – South Wharf (VIC), Australia

Edited by on 9. Dec. 2023

"Advancing towards sustainable Recovery"

Waste Expo Australia provides a platform dedicated to advancing best practices in waste management and making a positive difference to the environment and community. This free-to-attend event is the largest gathering of waste management and resource recovery professionals in the country to learn how we can transform the way we use materials, ensure effective recovery and reduce waste sent to landfills.

If your business offers products and services in waste management and resource recovery sector, you can't afford to miss exhibiting at Waste Expo Australia.

The 2023 event was attended by more than 3,500 professionals in both public and private sectors, putting exhibitors face-to-face with potential customers from Australia and overseas. Attendees include local, state and federal government, waste service providers, consultants, engineers, technology and equipment suppliers, project developers, facility managers, landfill owners/operators, NGO's and more.
