"Connecting the Port & Terminal Industry Across the APAC Region"

TOC Asia is the complete event experience, connecting the global port and container supply chain community across the APAC region for over 25 years.

Take part in our two-track content agenda to hear from world-class specialists to focus on the present challenges that lay ahead for the maritime and logistics sector across the Asia-Pacific region, as part of its renowned Container Supply Chain Conference; whilst its TECH TOC Conference will feature the latest innovations coming into the game, and how these are revolutionising the industry.
