

VENUE

Kármán Auditorium of the RWTH Aachen University
Eilfschornsteinstraße 15, 52056 Aachen, Germany

LANGUAGE

English and German with Simultaneous Translation Service

REGISTRATION FEE (incl. VAT)

Participants:

before April 30th, 2010 385 EURO
after April 30th, 2010 425 EURO

Mining Authorities: 160 EURO

Students: 55 EURO

Presenting Authors: free participation (one author per paper)

Including:

- Symposium Materials and Proceedings
- Attendee List
- Refreshments and Lunch
- Dinner Party

ADVERTISING / EXHIBITION

In conjunction with the symposium we offer a full page advertisement (coloured or positive black) for 600 Euro (free of bank charges; plus VAT) in the proceedings.

The placement of an advertisement in the proceedings includes the possibility to represent your company during the symposium on a booth without any further costs.

All morning and afternoon tea breaks will be served in the exhibition area. This will provide excellent opportunities for exhibitors and delegates to meet and talk.

The traditional Dinner Party provides the opportunity to get in contact with customers and colleagues.

SPONSORING

An innovative sponsorship program has been designed to meet the requirements of the conference while allowing for sponsors, both large and small, to make their mark.

The organizers of the conference look forward to your active participation.

AIMS-ONLINE

AACHEN INTERNATIONAL MINING SYMPOSIA

At the Website of Aachen International Mining Symposia

www.aims.rwth-aachen.de

you can receive the following information:

- Information on Advertisement / Exhibition
- Information on Sponsoring Opportunities
- Further information and news (e.g. current status of papers, of abstracts, of sponsors, of exhibitors)
- Information on the Program, that will be published in March 2010

The program will include the:

- Registration Details
- Tentative Scientific Program
- Accommodation Information
- Travel Information

A I M S
AACHEN INTERNATIONAL MINING SYMPOSIA

in Cooperation with
RAG Deutsche Steinkohle &
European Association of Mining Industries (Euromines)

Third International Symposium

Mineral Resources and Mine Development

*managing today's resources
securing tomorrow's supply*

May 26th and 27th, 2010
Aachen, Germany

Call for Papers

www.aims.rwth-aachen.de

ANNOUNCEMENT

Within the framework of AIMS (Aachen International Mining Symposia) the Institute of Mining Engineering I is pleased to announce the

3rd International Symposium Mineral Resources and Mine Development

- managing today's resources - securing tomorrow's supply -

- Date: May 26th and 27th, 2010
- Venue: Aachen, Germany
- Cooperation Partner:

RAG Deutsche Steinkohle

European Association of Mining Industries
(Euromines)

- AIMS 2009: 400 participants

WHO YOU WILL MEET

From the areas:

- Industry, Science, Economy
- Mining Management
- Administration and Government
- Media

you will meet:

- Board Members
- Directors
- Managers
- Decision Makers

MOTIVATION & TOPICS

No minerals – no future!

In order to safeguard tomorrow's supply of mineral raw materials a strategy for sustainable management of mineral resources will have to answer the following questions:

- Which minerals?
- How much of these?
- Where do we get them?

Apart from these general issues the practical aspect of mine development will have to consider the issue:

- How do we get them?

The first thematic area of this symposium
-Mineral Resources (and their management) -
addresses the following topics:

- Identification of critical raw materials
- Demand and possible supply of critical raw materials
- Risk management with regard to a secure supply
- Views, statements and needs of governments, sectors and enterprises
- Successful policies, strategies and concepts for a safe minerals supply
- Management of mineral resources

The second thematic area of AIMS 2010

- Mine Development -

focuses not only on the physical development of mining projects but also on preparatory and supporting issues:

- Planning, Organisation, Logistics
- Financing
- Operational Experiences (Shaft-Sinking, Roadheading, Surface Mine Development)
- Machine Technology and Equipment
- Legal Aspects and Permits
- Environmental Issues

CALL FOR PAPERS

The organizing committee invites international experts from industry and research institutions to submit an abstract of their presentation.

Interested contributors are kindly asked to send their abstracts to the symposium secretariat by e-mail, fax or mail.

The abstracts should be up to 300 words and the corresponding author should be clearly indicated.

The Abstract should include following:

- Short summary of the paper
- Title of Paper
- Complete name and title of author
- Position in company
- Complete address of the author including email-contact

Important Deadlines:

Abstracts are to be sent to the symposium secretariat before **October 5th 2009**

The authors will be notified regarding acceptance of their paper and detailed instructions on paper submission before **October 19th, 2009**

The camera ready manuscripts will be required before **January 31st, 2010**

The proceedings will be published in the "Aachen International Mining Symposia" with an edition of 500 copies in one volume with approximately 600 pages, including figures and tables.

The conference proceedings will be available to the participants at the time of the conference.
