PRESS RELEASE

FOR IMMEDIATE RELEASE
JANUARY 27, 2010

HONG KONG SHIP SHOW HAS MUCH OF INTEREST

As the final bookings for exhibition space are confirmed the third showing of the China Maritime Exhibition in Hong Kong is going to have much to interest ship owners, managers, builders, operators and suppliers.

“With more exhibitors than in the first two China Maritime events, there is significantly greater variety for visitors than previously,” explained event organiser Kishore Navani.

“It is obviously a sign of the times but the proportion of Peoples Republic of China based companies is considerably higher than before,” Mr Navani added.

At the time of going to press the following companies and organisations had confirmed their participation in China Maritime 2010:-
