

IMEchE Bulk Solids Handling: Technology and Development for the 21st Century

22-23 November 2011

Larsen & Toubro Ltd, Chennai, India

Book now: www.imeche.org/events/S1615

Hosted & supported by

MMH IC, BMH BU

Institution of
**MECHANICAL
ENGINEERS**

CALL FOR PAPERS

This two day seminar will provide delegates with a clear understanding of the leading edge technology used to handle bulk materials such as mined ores, stone and coal. It will present an insight into the latest equipment and best practices used within the minerals handling industry.

The following areas will be covered:

- Wagon Loading & Unloading
- Port Equipment (Ship Loading and Unloading)
- Storage and Yard Equipment (Stacking and Reclaiming)
- Conveying and Transportation
- Crushing, Screening & Washing
- Civil Design & Construction
- Control & Monitoring
- Operating and Maintenance

Attending this event will help you:

- Learn about the latest technologies available to resolve bulk material handling requirements
- Understand and implement the latest methods when designing equipment
- Get to know from case studies the different methods of handling bulk materials at the various stages of minerals processing from the raw mined minerals to the final product
- Learn and apply best practice when handling bulk materials

Deadline for call for papers is Thursday 31st March 2011

If you are interested in presenting a paper or attending this seminar please contact Taz Khatun at the IMechE Tel: +44 (0)20 7973 1306 Fax: +44 (0)20 7222 9881 Email: t_khatun@imeche.org

Please send a presentation title and short abstract (around 60 words) outlining the expected content of the paper.

SPONSORSHIP AND EXHIBITION OPPORTUNITIES

If you have a product or service to promote you can enhance brand awareness through our range of exciting sponsorship / exhibition opportunities. For details of how we can tailor a package to suit your needs please contact

Aman Duggal Tel: + 44 (0)20 7973 1309 or email: sponsorship@imeche.org
