10:15 - 10:30 a.m.

Break (coffee and refreshments)

10:30 - 11:15 a.m.

Breakout Room #1
Rotary Car Dumpers & Positioners -
Question and Answer Session

Breakout Room #2

Electrical Services for Bulk Equipment -
Question and Answer Session

Breakout Room #3

Cable Belt -
Question and Answer Session

11:15 - 12:00 noon

Design Features of the Equilibrated Crane for Unloading Barges by *Dennis Manley, Project Manager, Engineering & Services, Metso Minerals**

12:00 - 1:30 p.m.

Luncheon

1:30 - 2:15 p.m.

Operations and Maintenance of a Barge Haul System by *Dave Cantalupo, Senior Applications Engineer, Engineered Products, Metso Minerals**

2:15 - 3:00 p.m.

MRC Cable Belt System by *Lee Stember, Mechanical Proposal Engineer, Engineering & Services, Metso Minerals**

3:00 - 3:15 p.m.

Break (coffee and refreshments)

3:15 - 4:00 p.m.

Breakout Room #1
Engineered Products -
Question and Answer Session

Breakout Room #2

Equilibrated Cranes -
Question and Answer Session

Breakout Room #3

Cable Belt -
Question and Answer Session

4:00 - 4:45 p.m.

Coal Pile Management at Ameren Energy Fuels and Services by *Mike Schimmelpfennig, General Executive, Ameren Energy Fuels and Services*

5:30 p.m.

Cocktail Party/Dinner at The Grand Concourse (spouses are invited to attend)

Friday, October 10th

7:15 - 8:00 a.m.

(coffee, juice and danish)

Bulk Materials Handling

About the 2008 Bulk Handling Equipment Seminar

This is very much a "users" seminar designed to provide plenty of opportunities for stimulating conversations on what does and does not work at other sites as well as new technology updates.

IF EVEN ONE IDEA REDUCES YOUR DOWNTIME OR INCREASES PRODUCTION, IT IS WELL WORTH ATTENDING. Welcome, relax, and learn

Who Should Attend

YOU, operations, maintenance, engineering, management, and safety personnel who own, operate, maintain or are responsible for bulk handling equipment and its operation should attend for the following reasons:

- Listen to site operations/ maintenance and engineering personnel discuss their bulk materials handling equipment operations/ maintenance and safety improvements.
- Hear other speakers from Metso Minerals discussing ideas on how to improve your operations and maintenance and ways to optimize bulk handling equipment with an emphasis on safety.
- Question and Answer period following each presentation.
- Enjoy an opportunity to renew old acquaintances and establish new ones ... an opportunity to exchange ideas and share invaluable knowledge on how to improve the performance of equipment, site safety, etc., based on actual operating experience at other sites.

Various Registrants from Past Years:

Aker Kvaerner	Kansas City Power & Light Co.
Alabama Power Co.	Kinder Morgan
Alcoa World Alumina	La Compagnie Miniere Quebec Cartier
Alliant Energy	Lafarge Canada
Ameren Energy Generating	Louisville Gas & Electric Co.
American Electric Power Co.	Lower Colorado River Authority
Arkansas Electric Cooperative Corp.	Mead Westvaco
Carmeuse N.A.	Mirant MidAtlantic
Cinergy	National Aluminium Company Ltd.
Consolidation Coal Co.	NEGT, Inc.
Constellation Power Source Gen.	Oklahoma Gas & Electric Co.
CSX Transportation	Pacific Coast Terminals
CVG Bauxilum	Port of Corpus Christi
CVG Ferrominera Orinoco S.A.	Progress Energy
CVG International America, Inc.	Reliant Energy
CVRD	River Consulting, Inc.
Davao Union Cement	Sedgman
Dominion Terminal Associates	Seminole Electric Cooperative, Inc.
DTE Energy	Sherwin Alumina Company
East Kentucky Power Cooperative	Texas Genco
ECM S.A.	TECO Bulk Terminal
Entergy Arkansas, Inc.	Thunder Bay Terminals
FirstEnergy Corp.	Transtar, Inc.
IMC Phosphates Co.	Vancouver Wharves
INCO Ltd.	Wabush Mines
International Marine Terminals	WE Energies
Iron Ore Company of Canada	Westar Energy
Ispat Inland Steel	Weyerhaeuser

Metso Minerals provides complete engineering and support services for turnkey systems and equipment for a variety of bulk materials handling and conveying applications and for processing equipment, such as coal preparation plants, heavy industrial machinery, and ash handling systems. Metso Minerals Customer Support performs engineering, field services and parts supply for systems and equipment designed, manufactured, and supplied by the companies listed below:

Metso Minerals	Wagester, Walker & Thornton
Svedala	McNally Systems, Inc.
Dravo Wellman Company	Mead Morrison (MKT Corp.)
Stephens-Adamson	McKiernan Terry
Cable Belt	Lakeside Bridge & Steel
Strachan & Henshaw	Products Engineering Co. (PECO)
McNally Pittsburg	Nolan HCM
McDowell Wellman Company	A. C. Hoyle
Dravo Engineering Works	NICO
Wellman Seaver Morgan	
McDowell Company	...plus Field Service & Engineering
Wellman Engineering	for Competitor Equipment
